DEVOTED TO MAKING ADA A LARGER AND MORE PROGRESSIVE CITY

VOLUME 8.

ADA, OKLAHOMA, WEDNESDAY EVENING, JUNE 28, 1911

NUMBER 72.

WILL MEET MCALESTER MEN

ANNOUNCEMENT OF PROGRAM FOR RECEPTION OF MCALESTER BOOSTERS TOMORROW EVENING.

The Chamber of Commerce and Retailers' Association have been working out a program for the reception of the McAlester boosters who will arrive via the Frisco at 6:40 tomorrow evening and have arranged it as follows:

6:40—Committee and citizens meet train and march with McAlester Club to town.

7:00—Autos meet club at Harris hotel and take as many as care to make trip to cement plant and normal.

8:00—Band heads boosters and Ada citizens from Harris hotel to Lyric theatre, where a free exhibition of Byrd's Mill scenes will be given.

8:15—At Lyric theatre to city hall. Judge T. D. McKeown will deliver welcome address. McAlester boosters will speak and give free concert. If the city hall proves inadequate, the speaking and concert will be given in the street near the hall. Also the rooms of the 25,000 Club will be open to the visitors.

Every business man in Ada is to regard himself as a member of the reception committee, but the following special committee, made up mainly of men who have business relations with McAlester business firms, has been appointed. R. E. Blanks, W. S. Morrison, B. H. Frick, F. E. Bowman, J. D. Rinard, E. D. Austin, A. K. Thornton, P. A. Norris, C. A. Wingo, J. M. Wintersmith, I. McNair, Otis Weaver, Dr. M. W. Ligon, E. W. Hardin, A. J. Burgess, M. Levin, W. H. Hart, E. H. Lucas, A. L. Beck.

THE HARRINGTON STOCK COMPANY

A packed tent greeted the above company last evening when they presented East Lynne. A very fine performance was given, Miss Beatrice Harrington as Lady Isabel and later as Madam Vivie was superb. As the young wife and later on as the governess to her own children, her death scene brought tears to the eyes of the feminine portion of the audience. Mr. Arthur L. Fanshaw appeared to advantage as Archibald Carlyle, the husband. El Roberts made a good Lord Mt. Severn, while Frank Marringer was an effective Sir Francis Levisin. Geo. Warren as Dill was amusing and Mrs. Warren made an emphatic hit as Miss Conway. Carlyle the old Maid Sister.

The LaPearl Sisters were seen to good advantage in their specialties tonight the great sensational drama, Goggs Fen will be produced, introducing special scenery.

POOR PROSPECTS FOR RE- APPORTIONMENT BILL

Washington, June 27.—A meeting of the committee on Census in the senate has been called for tomorrow to

consider the reapportionment bill. The meeting will be the first that this committee, whose chairman is Senator La Follette of Wisconsin, has held at the present session of Congress. Mr. La Follette has been so busy fighting the reciprocity bill that he has not had time for the work of the committee of which he is the chairman.

It is stated with some positiveness that no reapportionment bill will be passed by the senate and that the matter will go over until the regular session, beginning in December. The reason for this is that Senator Root of New York and Senator Burton of Ohio are determined to prevent action now when the passage of the bill would give opportunity to the democrats in New York and Ohio legislatures to redistrict those states.

JUDGE MCKEOWN DISSOLVES ATTACHMENT

A good part of Tuesday was taken up with the hearing before Judge McKeown of the application for the dissolution of attachment in the case of Good vs. Casey from Roff. A short time ago A. Good attached a stock of drugs belonging to W. P. Casey in a suit for \$1,200. This led to the motion heard Tuesday. After hearing the case the court granted the motion to dissolve the attachment.

Maine's Secret Hidden.
Tampa, Fla., June 28.—"The secret of the destruction of the battleship Maine will never be known," said General W. H. Bixby, chief of engineers in charge of the work of raising the Maine, upon his arrival here Monday from Havana.

The destruction of the vessel was such, says General Bixby, and the deterioration has been so great that it will be impossible to tell whether the ship was blown up from a force within or without. The greatest force, however, was from the inside, indicating that the forward magazine had exploded. Whether this was from a sympathetic explosion caused by a torpedo from the outside, may forever remain a mystery.

TOWNSHIP MAY SECEDE FROM HUGHES COUNTY

Eufaula, Okla., June 28.—An election will be held in Hanna township of Hughes county on July 22 to determine whether the township shall become a portion of McIntosh county instead of Hughes county. The election is brought about by the claim that Eufaula as the county seat of McIntosh county is more accessible than Holdenville, the county seat of Hughes county.

THE TENT MEETING

The subject tonight will be: "Why are we keeping the first day instead of the seventh day, as the Sabbath?" How, when and by whom did the change come?"

All are invited.

THE GOSPEL TENT CORNER 16TH AND ASH

At the tent meeting last night at 16th and Ash the attendance was considerably more than was out the previous night.

A heart-searching solo was rendered by I. Wymore, "Step Over the Line." The sermon was "The Question of the Hour," Matt. 27-22. The speaker stated the question was not some abstruse theory perpetrated by a religious cult as is so much being done today, but what about Christ and the personal attitude to Him. Some think more of dancing, a plate in a seance, or a sore toe and mortal mind, or the dragging in of a day which died with the law which was given for the Jews only as the day for all people to observe than they do a soul which is lost in sin and in need of Christ.

The subject for tonight will be "How I may know I am saved." This is something that every one ought to and can know.

Provisions of New Liquor Law.

Oklahoma City, Ok., June 28.—Railroad and express companies operating in Oklahoma have added to their record at stations in the state what they term "jag Books," being a record of all shipments of intoxicants received and taken from stations by consignees. The record is required by the new prohibition law, and must contain the real names of persons receiving liquor shipments, and may be used as evidence in court of the amount of intoxicants a person gets. Use of John Doe or Richard Roe are not permitted. The new prohibition law permits persons to have a limited amount of intoxicating liquor, over which there can be no question, but the station records are by law placed at the disposal of enforcement officers and will enable the latter to

trace the ownership of large liquor shipments. It is a question whether the state law can regulate the disposition by the railroad or express companies of interstate shipments, but the carriers are complying with the requirement, thus leaving it to the consignee, if he is so disposed, to test its constitutionality. Under the old practice, liquor houses consigned on shippers' orders and bills of lading, and prior to the new federal regulations employed fictitious names. Later shipments were made and held at point of destination in the warehouses and doled out in small lots upon presentation of orders. The federal law now requires that boxes or packages containing liquor be so labeled, and the state law compels that the consignee sign his real name, together with the address to which the shipment is consigned.

The question of whether a carrier may decline to receive a shipment of goods from one state to another when the sale of the article is outlawed at the point of consignment is involved in a suit pending before the United States court of appeals at St. Louis. An Arkansas Federal judge issued a mandamus to do so against a carrier operating between Fort Smith and Oklahoma, and the carrier appealed.

Bumper Wheat Crop in Northwest.

Spokane, Wash., June 28.—Reports received by local bankers and millers from country correspondents in Washington, Oregon, Idaho and Montana indicate that the wheat crop in the Inland Empire this year will be about 65,000,000 bushels, the largest in the history of the district. The figures show the crop in 15 counties in eastern Washington will be 39,000,000 in round numbers, as compared with 34,895,000 bushels in 1910. This statement is confirmed in a late federal crop report, which shows 721,441 acres in winter wheat and 482,000 acres in spring wheat in Washington, the per centage being 98 and 97 perfect, respectively. The respective averages for a period of 10 years are 93 and 94 per cent perfect. It is reported the crop will be

about two weeks late. Commissioners of horticulture in the Pacific and Northwestern states report that the fruit crops will be above the average. The apple crop will not be as large as in 1910, but it is likely the prices will be higher. Pears, peaches and other fruits will be plentiful in most of the districts.

OKLAHOMA WOMEN DESTROY LIQUORS

Chandler, Okla., June 28.—Members of the local W. C. T. U. under direction of Sheriff Buzzi and County Attorney Wilberforce Jones, destroyed \$300 worth of beer and whiskey, secured in a recent raid, by emptying it on the court house lawn Sunday afternoon. The women were armed with hammers and cork pullers and were unmindful that the beer foamed and the whiskey was spattered. The women were designated for the work of destruction by County Attorney Jones, a veteran who marched with John Brown, to Harper's Ferry.

KNIGHTS OF PYTHIAS ELECT OFFICERS

The Knights of Pythias held a rousing meeting last evening with a large attendance of members. It being the time for election of officers, the following were chosen:

W. D. Hays, C. C.; W. G. Gentry, V. C.; A. B. Yeager, Prelate; W. C. Lee M. of A.; J. D. McCoy, M. W.; A. P. Rhea, Keeper of Records and Seals and M. of F.; J. T. Reed, M. of E.; S. I. Tobiat, I. G.; Paul Allen, O. G.

Pott. County Sells Drainage Bonds.

Shawnee, Ok., June 28.—The board of county commissioners yesterday sold the Little River drainage bond issue of \$51,375.75, the county's share of the \$250,000 issue, to the Shawnee National bank, who was the successful bidder. H. T. Douglas represented the bank. The issue of bonds is made for twenty years and bears five per cent interest. Under the terms of the bid the money is to remain on deposit in the bank and will draw interest at the rate of three per cent.

The balance of the bond issue the amount estimated in the cost of the work has been purchased by a Chicago firm and operations will begin at once in the work of reclaiming 26,000 acres of land in the southern part of the county. The channel of Little River which crosses the county from east to west, is to be straightened, throwing open to cultivation thousands of acres of land that is now practically worthless. The preliminary work of making surveys has been completed by Engineer Hill of Shawnee, who will have personal charge of the work.

Work was halted a time ago pending the result of a bill congress was asked to pass appropriating the Indians share of the work, fifteen per cent of the land abutting the Little river being owned by Indians. Under the terms of a twenty-five year treaty with the Indians their lands was exempted from taxation. However, the Indian committee of congress has assured the county commissioners that the bill will be passed at the next session of congress in December.

SWANSON COUNTY WIPED FROM MAP

Oklahoma City, June 28.—Swanson county is no more. The supreme court today ruled that the new county did not receive enough votes at the election when it was attempted to slice off a portion of Comanche so as to form a new county to be named Swanson. The opinion holds that it is necessary for sixty per cent of the voters of the proposed county to vote in favor thereof in order to create the same, which was not the case in Swanson.

The contest between the town of Checotah and Eufaula for the location of the county seat of McIntosh county was decided in favor of Eufaula. The case was referred to a referee who reported to the court in favor of Eufaula and the report was confirmed. It is claimed by Checotah that the election officers signed affidavits in blank showing age, color and place of residence which voters signed before receiving their ballots. This was alleged not to be in accordance with the statutes and did not constitute an oath.

The removal of the county seat of Delaware county from Grove to Jay was also affirmed upon the same grounds as the McIntosh county case and Jay declared the seat of government.

BOY ACCIDENTALLY KILLED NEAR ROFF

Yesterday afternoon another of those deplorable accidents with an "unloaded" gun took place about two miles south of Roff, as a result of which a small boy by the name of Day was killed by a gun in the hands of Paul Jones, a son of J. P. Jones of Roff.

The boys were about twelve or thirteen years of age.

Officers Chosen at Holdenville.

Holdenville, Okla., June 28.—In a city election here Tuesday held for the purpose of electing three commissioners under a commission form of charter the entire democratic ticket was elected by majorities ranging from eight to two hundred and thirty-one. The following officers were successful: Mayor, I. W. Singleton; commissioner of finance, W. R. Scott; commissioner of public works, A. O. Wall. The total vote cast was 426, which is the largest in the history of the city. Much splitting of tickets was indulged in by both parties.

CONFEDERATE REUNION AT WYNNEWOOD

The reunion of the Chickasaw Brigade of ex-Confederates will be held at Wynnewood July 20, 21, 22 and 23. The town is making preparations to entertain the old soldiers as they deserve. Gov. Byrd, adjutant of the camp at Ada, is in receipt of a letter asking that the committee at Wynnewood be informed by July 1 of the number of veterans who expect to attend. He requests that all who intend to go notify him at once in order that he may make a report to the committee.

NEW PRESIDING ELDER APPOINTED

Word comes that Rev. Geo. C. French, pastor of the Methodist church at Durant, has been appointed presiding elder of the Ada district to succeed Rev. S. F. Goddard, who resigned to accept the presidency of the college at Muskogee. Rev. French is regarded as one of the strongest and most promising young men of the conference, and one who will make a success of the work in the Ada district.

A RARE OPPORTUNITY.

A feature of Trade Day, July 17, will be the lecture and exhibit of agricultural products by F. S. White, commissioner of agriculture and horticulture of the Frisco railroad. Mr. White is a practical farmer, and it was for that reason that he was appointed to his present position. His exposition of modern methods is a revelation to many. Of course some men think they know all about farming, and can learn nothing more, but that class of men never make much of a success of the business, for farming is being recognized more and more as an exact science. The old timers may have thought a stage coach the limit as a means of comfort and of rapid transit, but in this day of fast express trains and autos, we realize how badly off they were. Farming and gardening have improved fully as much, and whether a man lives in town or on a farm he can learn things that will be of great value to him. From the exhibit car he can learn what can be raised to advantage in this section, and from the lecture he can learn how to raise these things. There is no fine spun out theory about it. Everything is right there where a man can see for himself. Few have ever fully appreciated the wonderful variety of produce that can be raised in this part of the United States.

PAYING THE PENALTY.

There is no law in nature more in-
exorable than that a man must reap
what he sows. Repentance and re-
formation may follow wrong doing,
but a man must finally pay the pen-
alty.

A case in point is given by the
Nashville Tennessean. One of its re-
porters has just discovered that a
shoe cobbler in a secluded part of
the town is none other than an ex-
congressman, who in days gone by
was a prominent figure in the poli-
tics of South Carolina. The man
came of a good family, married the
niece of a vice president of the
United States, rose from one posi-
tion to another until he was elected
to congress. His future seemed as-
sured, but he yielded to temptations
and in a short time was brought to
the gutter by his excesses. All ex-
cept his wife lost faith in him as he
sank lower and lower, and he moved
from place to place trying to hide
from the world. Many times he at-
tempted to reform, but it was not
until recent years that he mastered
himself. Today he and his faithful
wife are living in a tiny cottage on
the outskirts of Nashville, and the
old man is eking out an exist-
ence as a cobbler. He has thorough-
ly reformed and that in itself has
brought happiness to his wife in her
old age, but his reformation cannot
restore him to the position from
which he fell, nor bring back the op-
portunities which he so carelessly
threw away. He may have secured the
forgiveness of his God, but in the
laws of nature there is no such thing
as forgiveness.

When it comes to failures in life,
many a man has gone down be-
cause he got the idea into his head
that his employer could not get
along without him. He considered
that no one could fill his place, and
that he saw a fine opportunity to
hold his employer up. Of course
they are disillusioned and when they

wake up to the reality of the case
it is too late to recover the opportu-
nity they threw away so thoughtless-
ly. The world has never stopped re-
volving on its axis because of the
loss of any man who lived on it.

The map makers had just got Swan
son county fixed on their maps when
along comes the supreme court and
says the county is n. g. Since state-
hood there has been such a shifting
of county lines as new counties were
created or townships pulled loose
from one county and joined to an-
other, that the state has been the
despair of the makers of maps. No
doubt it has caused some strong lan-
guage to be uttered by these over-
worked men who have been chasing
the elusive county lines.

THE ROTHCHILDS

One day in September, nearly a
hundred years ago, an old Jew lay
dying in a gabled house that bore
the device of a red shield in the
ghetto of Frankfort-on-the-Main.
Grouped around his bed were five
stalwart sons. In a firm voice this
father in Israel admonished his chil-
dren to be loyal to the faith of Mo-
ses; to remain united to the end; to
intermarry, and to obey their moth-
er in all things.

"Observe these rules," he declar-
ed, "and you will be rich among
the richest, and the world will be-
long to you."

Such was the earthly valedictory
of Mayer Ahschel Rothchild.
As everyone well knows, that death-
bed prophecy came true long ago.
The world's only billionaire dynasty
is evidence of its wisdom and fore-
sight. Premiers, cabinets, whole
royal successions have developed and
declined; but the reign of the Roth-
childs has continued. Their scep-
ter has been gold; their royal decree

life in a padded cell. He's always
kind to the hard luck chap; he helps
the statesman who wants a snap; he
booms the dreary old town sky high,
he tells the truth when he ought to
lie, he tells of weddings and births
and deaths, of the village bums with
the tainted breaths, of song and ser-

LIQUOR INTERESTS TRYING TO WORK NEWSPAPERS.

The News is in receipt of an offer
to furnish an unlimited amount of
plate matter denouncing prohibition
and attempting to discredit the en-
tire prohibitory law. It is full of the
usual stuff about the failure of the
law, tells how good the saloons will
be if permitted to come back to
Oklahoma, and makes a general at-
tack on the advocates of the law.
Every paper in the State will receive
a similar offer and some few may
accept the offer, as it means quite a
saving in the item of setting type.
Of course it is costing somebody a
large sum to send out this stuff with
all charges paid, and it is not hard
to guess that it is the big liquor
dealers, of the East who are putting
up the coin. The only thing about
it that the News fails to understand
is why they are spending so much
money in fighting prohibition when
at the same time they are urging the
threadbare argument that more liquor
is being sold under prohibition than
would be with the open saloons.

The people of Oklahoma have passed
on the prohibition question twice
in four years, and that should an-
swer for the present, at least. The
initiative is being overworked, any-
way.

FRANCIS.

W. L. Thurman lectured on the streets of Francis Thursday evening on the subject of land titles. His is the Henry George theory and it is our opinion that the system could never be put into effect.

L. H. Davis, W. P. Chism, J. A. Smith, C. N. Buckner, and C. G. Busby members of the board of the M. E. church and for the church granted a full release to the St. Louis and San Francisco Railroad Co. from many and all claims, demands and cause for damage that might be caused to the church in building a viaduct across their tracks on 5th street.

Cedar Grove school district one mile east of town has employed Prof. S. L. Surgnier to teach the school next term. The board has not selected an assistant for the school yet.

Working on the well, all pipes laid to the pumping station, pumping machinery almost installed and excavating the dirt for the power house is the latest report from the water works.

Orrin Nelson, ex-Justice of the Peace, and family are now in Kansas visiting at their old home. L. L. Edwards is in charge of the store until Judge Nelson returns.

A. P. Henson has purchased the lots of J. D. Henson on Summit Heights and the adjoining farm for a consideration of \$2000.00.

The McAlester booster train is scheduled to be here Thursday June 29th at 6:22 p. m. The boosters carry a band of 16 pieces and will parade the business streets.

A coal company located at Halleyville and composed of C. S. Norman, J. A. Smith, J. L. McCoole and W. P. Chism all of this city and others at Halleyville has elected W. P. Chism its manager and Mr. Chism will take charge the first of August. We regret losing Will for he is one of the pioneers of this city and has always boosted for the town but our loss is Halleyville's gain.

Since the live stock of Roff, Stone wall and Allen has been raised 16 2-3 per cent and of Francis only 8 1-3 per cent and lots 6 and 7 block 36 lowered \$3000.00 shows that the people of our town are willing to assess their property at its fair market value.

The Francis and Oakman W. O. W. Camps will meet at the Oakman cemetery Sunday, July 2nd and unveil the monument of Dr. Davenport.

The membership of the A. F. & A. M. lodge met in their hall Sunday evening June 25th and formed a procession marched to the M. E. church where they heard an excellent sermon on masonry by Rev. Regsdail.

The boxing contest last Saturday between Claud Sampson, the Francis Thunderbolt, and Kid Jefferies, of Sulphur, was a hard contest. The bout was matched for ten rounds but Jefferies refused to come in the eighth. The mill ground off in the Lyric Theatre. Sampson has fought two battles and won the both. Jefferies has five victories to his credit and three defeats.

The Francis and Sasakwa ball teams met in battle on the home ground Sunday which resulted in one to eight in favor of the Sasakwa team.

Prospectors in Town.

Dr. A. Barkley, E. C. Laughlin and J. B. Izor arrived from Hobart yesterday afternoon and are looking over the field with a view of making some investments in and around Ada. They say it is very dry in their section of the state and in considering a new location, they at once decided upon investigating Pontotoc county.

Judge Rainey Holding Court.

Judge Rainey is busy today hearing a few cases in which Judge McKeown is disqualified by reason of having been attorney in the cases before being elected district judge. The main issue is that of the Hoggard land case. This is a most complicated piece of litigation, involving many fine points of law, and from the array of counsel on both sides will likely be hard fought when it finally goes to trial on its merits.

Eczema Cure a Beauty Wash.

Although D. D. D. Prescription has been recognized for years as the one remedy for Eczema, Psoriasis, and all other forms of skin diseases, it is now known that there is no other wash, even those used by the beauty specialists, that can compare with this mild liquid for cleansing the skin of pimples, blackheads, rash, and all similar skin affections.

For this reason alone, a bottle of D. D. D. should be kept on hand in every household. A trial 25c bottle will show you the merits of this great remedy as a complexion wash.

D. D. D. seems to remove the cause whatever the trouble may be, cleansing the skin, and leaving it as soft, as smooth and clear as that of a healthy child.

Konawa will celebrate the 4th of July with an old-fashioned picnic. This Picnic has been extensively advertised and an immense crowd is expected. Last year was a prosperous one in this community; we have had rains this season and crop prospects are good. If you have never visited our thriving little city, we extend you a cordial invitation to come and visit with people who feel that they have cause to celebrate this national holiday.

Anyone desiring ground privileges will address Lock Box 94, Konawa, Okla.

GOOD WORK.

Done Daily in Ada—Many Citizens Tell of It.

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Ada still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

G. B. Dismukes, 17 Thirteenth St., W., Ada, Okla., says: "Last fall I was suffering a great deal from a constant soreness through kidneys and across my hips. I had no doubt that this misery was due to disordered kidneys. A friend finally advised me to try Doan's Kidney Pills and I procured a box at G. M. Ramsey's Drug Store and began their use. In a few days my pains and aches had disappeared and the contents of two boxes of Doan's Kidney Pills restored me to good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

The GREATEST PLAY I EVER SAW

AS TOLD TO
Hugh S. Fullerton

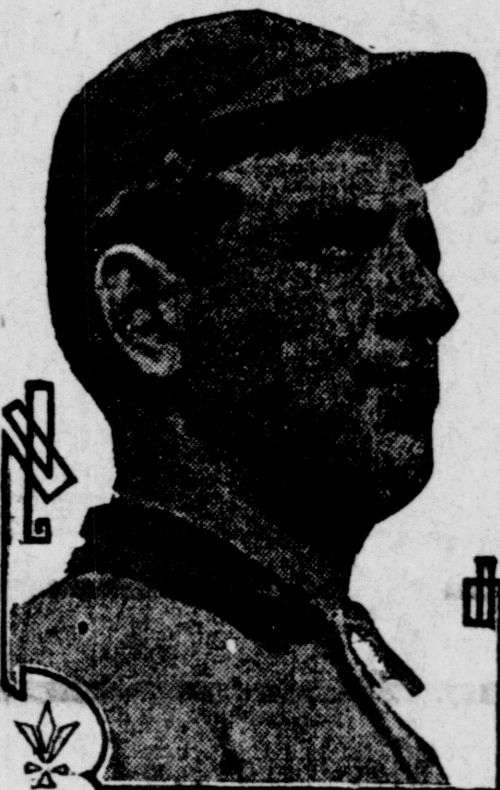

By "LEFTY" LEIFIELD.

Premier Left-Handed Pitcher of the Pittsburgh Pirates, and Who is Regarded as One of the Best Southpaw Pitchers.

Tommy Leach made what I believe was the greatest play I ever witnessed, and perhaps the greatest I ever will see. He made the play while he was on third base, and I do not think that any greater third baseman ever existed than Leach was when at his best there.

For sheer speed, activity and quick thinking, I never have seen the equal of that play he pulled against the New York Giants in 1907.

The game was one of the fiercest and hardest fought I ever saw. Both teams were on their toes right from the start, determined to win and fighting for every point. There was an immense crowd on the Polo grounds and Deacon Phillipi was pitching for us against Mathewson. They were hitting the Deacon hard, but as usual he was stopping them when hits meant runs, and they were having all the trouble in the world to score at all. We managed to hit Matty in the right spots and the score was 4 to 3 in our favor in the last of the ninth inning. Then they got at Phil and had runners on first and third, no one out, the crowd going crazy and everything about to break loose. Tenney, I believe, was at the bat. He started to hit a high ball, half stopped his bat and rolled a slow bouncer right down the line toward third. It was hit so slowly that Seymour, who was coming home, half checked himself and

"LEFTY" LEIFIELD.

jumped over the ball to escape being hit. It looked so certainly a base hit that to me, on the bench, it seemed the best judgment for Leach to let the ball go and take a chance that it would roll foul before reaching third base. Tommy, however, had it all thought out for himself. He was sprinting forward at top speed, not more than two steps behind Seymour and as Seymour leaped over the ball Leach dived and scooped it and, without losing a step or getting out of stride, he sprang after Seymour, touched him before he could reach the plate and caught him easily.

The play was an astounding one from any standpoint, but not satisfied with what he had done Leach whirled in his track and without looking fired down to second base. Wagner met the throw, and before the runner who had come down from first could dive back to second he was nailed and a double play resulted from what, according to all baseball rules, should have been a clean base hit.

Leach had figured to an eighth of a second just what could be done, and he made the play to second base without even looking. He knew when he touched Seymour that any smart base runner would be turning second base and looking for a chance to reach third, so he threw for the bag and trusted Wagner to be in the game enough to meet the ball. And Honus was, as usual, on the job. The play saved us and gave us a game that the New York scribes all said was lucky, although luck had no part in that play. It was thought out in less than a second and executed almost as rapidly as it was thought out.

Cloudburst Revealed Wealth.

A cloudburst was the cause of a remarkable mineral discovery made in Tasmania a few days ago. Near Launceston the rush of water cut a gorge a mile long and of considerable depth along the side of a mountain. When an inspection was made of the havoc that had been wrought it was seen that hundreds of gold-bearing quartz veins had been laid bare. A rush of prospectors to the spot took place and they are now busily engaged in testing the specimens. Another romance of gold mining is reported from Gundagai. A claim thought to be worthless was sold by its owner for \$25. The purchaser making an investigation of his property discovered gold in small lumps. The claim is now said to be worth \$30,000.

HERE IS THE LATEST HAREM BATHING SUIT

GARMENT DECLARED TO BE FOR WOMEN SWIMMERS RATHER THAN FOR POSERS.

Chicago.—We have scoffed at the harem skirt; but we bow to the harem bathing suit. It is something entirely new and a change which has been much needed. The luxury of the modern bathing suit for women reached its climax in the satin-embroidered and be-flowered affairs of last year, which were extremely costly and absolutely unserviceable. There were satin caps, bathing parasols and reticules to match, all costly, perishable and useless for bathing, whatever they may have been for posing on the

Harem Bathing Suit.

beach. And the woman as she strolled upon the sands was a thing of beauty but no swimmer.

The harem bathing suit is practical and sensible. It is intended to swim in, not to pose in. And it is far more modest than the average beach bathing suit. It consists of a regular man's sweater and a skirt, made trouser-fashion, with a panel in front which clasps on each of the trouser legs, and can be quickly loosened when the wearer is in the water. Somewhat wider skirt trousers come without the panel. They are intended to be worn with long tights or with the combination garment which many women wear in the water under the bathing suit.

PULLS THE PYTHON'S TEETH

Three Are Extracted to Relieve Suffering of Huge New York Zoo Serpent.

New York.—The 13-foot African python in the snake cage of the Central Park menagerie recently developed a swelling on one side of its head. By Director Smith's order an examination of the serpent's mouth was made.

A keeper opened the jaws with a stick and Keeper Burns looked into the mouth to get a line on the swell-

Pulling the Python's Teeth.

ing. He reported a gumboil on the right side of the jaw. The boil, in his opinion, was caused by decayed teeth and it was decided that to cure the trouble it was necessary to do some tooth pulling. A pair of pincers was obtained and Burns got a grip on one of the needlelike teeth and yanked it out.

The python didn't like the experience and wriggled his tail loose and lashed about. There was a brief struggle until Snyder secured a fresh hold of the tail and kept the patient quiet. Three more teeth were extracted and then the keeper dentist lanced the boil and washed the wounded parts with antiseptic fluid.

Woman's Nature

It is the nature of women to suffer uncomplainingly, the discomforts and fears that accompany the bearing of children. Motherhood is their crowning glory, and they brave its sufferings for the joy that children bring. No expectant mother need suffer, however, during the period of waiting, nor feel that she is in danger when baby comes, if Mother's Friend is used in preparation of the event. Mother's Friend relieves the pain and discomfort caused by the strain on the different ligaments, overcomes nausea by counteraction, prevents backache and numbness of limbs and soothes the inflammation of breast glands. Its regular use fits and prepares every portion of the mother's system for a proper and natural ending of the term, and it assures her a quick and complete recovery. Mother's Friend is sold at drug stores. Write for free book for expectant mothers.
